$151,650 (See Exhibit #2015-113); (5) to approve renewal of the annual maintenance agreement with Palmetto Fire Appartus (See Exhibit #2015-114); (6) to approve a lease with Norfolk Southern Railway Company (See Exhibit #2015-115). Commissioner Thompson asked that the approval of the bid for the purchase of a new ambulance from Custom Truck and Body works be voted on separately. Mr. Couch asked that this item be moved to the fourth item under New Business. Commissioner Ethridge offered a motion to approve the Consent Agenda with the modification requested by Commissioner Thompson. Commissioner Simmons seconded the motion and it carried unanimously with Commissioner Gibson, Commissioner Thompson, Commissioner Rushing, Commissioner Mosley, Commissioner Simmons, and Commissioner Ethridge.

Chairman Nevil stated the first item under New Business was for discussion and /or action to approve a contract with National Fire Services Office for review of alternate water sources within the special tax district. Mr. Wynn presented information concerning the contract. He stated the Insurance Services Offices (ISO®) has recently made changes to PPC requirements in which the special tax district will be required to provide residents 100% coverage of fire hydrants and/or alternate water to earn or maintain a "Single Class" ISO rating. He stated the intent was to get the lowest ISO Rating (3 rating) possible in the special tax district. After some discussion, Commissioner Thompson offered a motion to approve the contract with National Fire Services Office for review of alternate water sources within the special tax district (See Exhibit #2015-116). Commissioner Ethridge seconded the motion and it carried unanimously with Commissioner Gibson, Commissioner Thompson, Commissioner Rushing, Commissioner Mosley, Commissioner Simmons, and Commissioner Ethridge all voting in favor of the motion. Mr. Couch stated that he will inform the Deputy City Manager that the Board has approved this contract in case the City Council needs to take any formal action.

Chairman Nevil stated the second item under New Business was for discussion and/or action for consideration for filing a grant/loan application with the Georgia Transportation Infrastructure Bank (GTIB) for improvements at US 301 Highway and the new industrial park. Chairman Nevil called on Mr. Couch to initiate discussion on the matter. Mr. Couch presented a handout on application instructions submittal for the GTIB grant/loan application. He stated the application is due on October 1st and if the County is awarded funds, the Board is under no obligation to accept it and this was only authorization to apply for it. Without further discussion,

Commissioner Thompson offered a motion to adopt a resolution to authorize an application for grant and loan funding from the Georgia Transportation Infrastructure Bank for transportation improvements for I-16 Interstate Gateway Tax Allocation District #1 (See Exhibit #2015-117). Commissioner Simmons seconded the motion and it carried unanimously with Commissioner Gibson, Commissioner Thompson, Commissioner Rushing, Commissioner Mosley, Commissioner Simmons, and Commissioner Ethridge all voting in favor of the motion.

Chairman Nevil stated the third item under New Business was for discussion and/or action to approve the Final FY2015 GAB Amendment. Chairman Nevil called on Mrs. Richland to initiate discussion on the matter. Mrs. Richland presented a summary of FY2015 General Fund over expenditures by department. She stated there was a deficit of $342,125.71 for this year, but that was not as bad as expected due to some departments not expending their entire budget and revenue being higher than expected. After some discussion, Commissioner Gibson offered a motion to adopt a resolution to amend the General Appropriations Budget and work program for FY2015 (See Exhibit #2015-118). Commissioner Simmons seconded the motion and it carried unanimously with Commissioner Gibson, Commissioner Thompson, Commissioner Rushing, Commissioner Mosley, Commissioner Simmons, and Commissioner Ethridge all voting in favor of the motion.

Chairman Nevil stated the fourth item under New Business was for discussion and/or action to approve a bid for the purchase of a new ambulance from Custom Truck and Body Works in the amount of $151,650. Chairman Nevil called on Mr. Vickers to begin discussion on the matter. Mr. Vickers stated a RFP was released for a new ambulance and only two bids were received. He stated the lowest bid did not meet specifications and the other bid was over the amount allocated for the ambulance purchase. Mr. Vickers stated after further negotiations with Custom Truck and Body Works, Inc. they submitted their best and final offer of $151,650 which met specifications requested on the ambulance. After some discussion, Commissioner Thompson offered a motion to approve the bid for the purchase of a new ambulance from Custom Truck and Body Works, Inc. in the amount of $151,650 (See Exhibit #2015-113). Commissioner Gibson seconded the motion and it carried unanimously with Commissioner Gibson, Commissioner Thompson, Commissioner Rushing, Commissioner Mosley, Commissioner Simmons, and Commissioner Ethridge all voting in favor of the motion.

Chairman Nevil called for general comments or statements from the commissioners and staff. The commissioners thanked everyone for their attendance, and thanked the staff and emergency services for all their hard work. Commissioner Gibson asked Mr. Couch to consider sending a request letter to the Department of Transportation Board to increase the speed limit to 65 on US Highway 25 going towards Augusta. Mr. Couch stated that next month there will be a workshop regarding 911 and Public Safety Communications. He stated Ms. Steinmann will also provide a presentation on quarter 1 SPLOST review. Commissioner Ethridge also asked Mr. Couch to provide an update on the Ag Arena and Health Clinics during this scheduled workshop. Ms. Steinmann reminded commissioners of the ribbon cutting for the Christian Social Ministry's Thrift Store on September 16th at 4pm.

Hearing no further comments from the Board or Staff, Chairman Nevil asked for a motion to adjourn. Commissioner Ethridge offered a motion to adjourn. Commissioner Simmons seconded the motion and it carried unanimously with Commissioner Gibson, Commissioner Thompson, Commissioner Rushing, Commissioner Mosley, Commissioner Simmons, and Commissioner Ethridge all voting in favor of the motion.

Bidders may bid on some or all vehicles.

Bid Opening: **Wednesday, September 9, 2015, at 3:00 P.M.**

Local Buying Preference: Departments are encouraged to use local vendors whenever possible. However, the County cannot pay a much higher price to do so because there is an obligation to the taxpayers to use our financial resources wisely.

A local vendor is considered any offeror who can provide evidence to the Purchasing Department of meeting all of the following criteria in response to a quotation or bid:

- Having a principal business location within the county for a minimum of six (6) months prior to the issuance of a bid solicitation (a principal business location is defined as a corporation, limited liability company, partnership or sole proprietorship that maintains within Bulloch County its headquarters, a point-of-sale site where goods are sold to customers and a financial transaction is completed, or a locally-owned franchise).
- Having a valid occupational tax certificate by a jurisdiction located in Bulloch County.
- Having all obligations owed to Bulloch County paid in full and not be delinquent, including rents, taxes, fees, and fines.
- A small business is defined as 51% owned by one (1) or more persons

whose primary residence is within Bulloch County, or having twenty-five (25) employees or less, with eight (8) or more employees whose primary residence is in Bulloch County.

For all purchases over 5,000.00, if the quality, service, price, and other factors are substantially equal, then the local vendor may be given an opportunity to match the lowest cost proposal, if the quotation or bid is within 5% of the lowest price proposal. This policy shall be so stated in all applicable solicitations. This provision does not apply to public works construction projects or road projects pursuant to the laws of the State of Georgia.

**To request local vendor preference you must contact the Purchasing Manager for the proper form to complete. The completed form must be included with the submitted package to be considered for the local vendor preference.**

WITNESSETH:

WHEREAS, the Owner owns or has an interest in certain property located on R.J. Kennedy Road in Bulloch County, Georgia, consisting of approximately 20.69 acres and designated as Parcel Number 103 000058B000 in the records of the Bulloch County Tax Assessor's office (hereinafter "the Property"); and

WHEREAS, the Owner desires to locate a pond on the Property; and

WHEREAS, the County is in need of certain fill dirt and/or base material for County projects, which material the County may obtain by engaging in excavation on the Property; and

WHEREAS, the Owner is willing to allow the County to engage in excavation on the Property and to stockpile said fill dirt and/or base material on the Property and remove said fill dirt and/or base material from the Property on the terms and conditions set forth herein;

NOW THEREFORE, in consideration of the mutual promises, covenants, and obligations contained herein, the parties hereto agree as follows:

1. The Owner shall allow the County to engage in excavation on the Property and to stockpile the fill dirt and/or base material at a designated location on the Property until such time as the County needs the fill dirt and/or base material for County projects. The County shall not be

obligated to excavate to any certain depth or width, and the size of the excavated area shall be determined solely by the County's need for fill dirt and/or base material.

2. The Owner shall allow the County to enter upon the Property and remove the stockpiled fill dirt and/or base material at such times and in such quantities as the County deems necessary for use on County projects.

3. The Owner acknowledges and agrees that the County will from time to time have inmates from the Bulloch County Correctional Institute as part of its work force to engage in excavation, stockpiling, and to remove the fill dirt and/or base material from the Property; and the Owner hereby gives his consent for said inmates to be on and about the Property while performing such work.

4. The Owner acknowledges and agrees that any benefit accruing to the Owner from the County's excavation on the Property is the sole consideration for the fill dirt and/or base material. The Owner further acknowledges and agrees that said consideration is adequate and that under no circumstances shall the County be obligated to provide any additional compensation or consideration of any type to the Owner for the fill dirt and/or base material.

5. After the conclusion of the County's excavation on the Property, the County shall slope the perimeter banks and level the grade on the topside of the banks of the area where the County has engaged in excavation. The County makes no warranties, either express or implied, concerning the use of the excavation site as a pond, including but not limited to any warranties of fitness for a particular purpose.

6. The County shall not be obligated to finish its excavation on the Property within any certain time period; rather, the length of time that excavation continues shall depend upon whether the County continues to need fill dirt and/or base material from this particular site and whether the

material from this particular site remains suitable, and such determinations shall be within the sole discretion of the County.

7. Either party may terminate this Agreement at any time upon thirty (30) days' written notice to the other party. Any stockpiled fill dirt and/or base material shall remain the property of the County after termination of this Agreement and, in the event the County is unable to remove all stockpiled fill dirt and/or base material within thirty (30) days of a notice of termination, the Owner shall allow the County a reasonable amount of time after the termination of this Agreement to remove the stockpiled fill dirt and/or base material. In the event the County has not sloped and leveled the perimeter banks of the excavation area at the termination of this Agreement, the Owner shall also allow the County a reasonable amount of time after termination of this Agreement to slope and level the perimeter banks of the excavation area.

8. Any notices required or permitted to be sent in writing pursuant to this Agreement shall be sent via regular or certified U.S. mail to the following addresses:

TO THE COUNTY: Bulloch County Board of Commissioners
P.O. Box 347
Statesboro, GA 30459
Attn: County Manager

TO THE OWNER: Ronnie Phillips
75 Phillips Lane

9. The Owner hereby releases and agrees to hold harmless the County from any and all claims arising out of the activities of the County in excavating, stockpiling, and removing said fill dirt and/or base material from the Property, including but not necessarily limited to any and all claims for personal injuries or property damage.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals.

**REQUESTED MOTION OR ITEM TITLE:**

Discussion and/or action to consider/authorize procurement for a borrow pit.

**SUMMARY/BACKGROUND ATTACH DETAILED SUMMARY:**

$100,000 is budgeted in the FY 2016 GAB SPLOST Road and Bridges for acquisition for a permanent borrow pit. Informal efforts have been made with various property owners to no avail. The desired borrow pit will need to be tested to ensure that adequate mixes of soil are available over a period of several years. Given the lack of success, it is recommended that we from a bid proposal and public solicitation that would provide the lowest bid, conditioned on soil testing, geography and other criteria.
