

**FISCAL YEAR 2015**  
**GENERAL APPROPRIATIONS BUDGET**  
**BULLOCH COUNTY BOARD OF COMMISSIONERS**  
**STATESBORO, GEORGIA**  
**ADOPTED JULY 15, 2014**

**FISCAL YEAR 2015**

**GENERAL APPROPRIATIONS BUDGET RESOLUTION**

**THE BULLOCH COUNTY BOARD OF COMMISSIONERS  
STATE OF GEORGIA**

**RESOLUTION # 2014 - \_\_\_\_**

**TO ADOPT THE GENERAL APPROPRIATIONS BUDGET AND WORK PROGRAM FOR  
FISCAL YEAR 2015 WITH SUBJECT PROVISIONS HEREIN**

**WHEREAS**, the Official Code of Georgia Annotated, Title 36, Chapter 81, Section 3 requires that each local unit of government adopt a balanced budget for all required funds; and,

**WHEREAS**, the Bulloch County Board of Commissioners has established a General Fund to serve as the primary financial reporting instrument for current governmental operations; and,

**WHEREAS**, the Bulloch County Board of Commissioners has established Enterprise Funds that periodically accounts for revenues earned, expenditures incurred, and retains net income as earned for capital maintenance, public policy, management control, accountability, or other purposes to facilitate the operation of the Aquatic Center and the Center for Agriculture; and,

**WHEREAS**, the Bulloch County Board of Commissioners has established Internal Service Funds for partially self-funded employee health insurance coverage and claims management; and, for correctional food services to provide inmate meals and services for other departments that periodically accounts for revenues earned, expenses incurred, and retains net income as earned for associated activities, management control, accountability, or other purposes; and,

**WHEREAS**, the Bulloch County Board of Commissioners has established no less than twenty-one Special Revenue Funds to account for the proceeds of specific transfers and revenue sources that are legally restricted to expenditure for express purposes; and,

**WHEREAS**, the Bulloch County Board of Commissioners appropriates financial resources on an annual basis using a budget to identify revenues received, expenditures incurred, and transfers within, or, to and from, the General Fund and the aforesaid Internal Service Funds, Enterprise and Special Revenue Funds; and,

**WHEREAS**, County Officers, County Courts, County Operating Departments, and eligible Externally Funded Agencies have submitted requests for a County Appropriation for the 2015 Fiscal Year to the County Manager as the appointed Budget Officer for review and recommendation; and,

**WHEREAS**, the County Manager of the Bulloch County Board of Commissioners, as the appointed Budget Officer, has presented and recommended a General Appropriations Budget in the form of a Work Program for functional activities for each fund and budget division to the Board of Commissioners; and,

**WHEREAS**, the Bulloch County Board of Commissioners has met the requirements of Title 36, Chapter 81, Sections 4, 5 and 6 of the Official Code of Georgia Annotated regarding appointment of a budget officer, presentation of the budget to the governing authority, public notice and hearings, and other requirements; and,

**WHEREAS**, the General Appropriations Budget will be based on current estimates of revenues and expenditures, and that the Board of Commissioners may find it necessary to adjust budgeted revenues and expenditures from time to time during the year by amendment; and,

**WHEREAS**, the Bulloch County Board of Commissioners has a responsibility to achieve maximum efficiency and effectiveness in its financial operations by maintaining a balanced budget where planned expenditures may not exceed revenues, according to State law; and,

**WHEREAS**, the Board of Commissioners constitutes the governing body of the Bulloch County, Georgia;

**THEREFORE BE IT RESOLVED**, that the Fiscal Year 2015 Bulloch County General Appropriations Budget and Work Program be officially adopted on a basis consistent with Bulloch County's Budget Policies and subject to all county policies regarding the expenditure of funds and the conditions set forth in such resolution, including all revenues, expenditures and operating transfers in amounts as attached, incorporated by reference herein; and,

**BE IT FURTHER RESOLVED**, that it is assumed that the Insurance Premium Tax will be collected at a rate of \$1,920,000 and which is receipted to the General Fund, with proceeds being directed to solid waste collection, disposal and recycling services expended from the General Fund for unincorporated Bulloch County at an estimated cost of \$2,064,630; and,

**BE IT FURTHER RESOLVED**, that as referenced in the Bulloch County Personnel Policies, all regular full time employees employed on June 30, 2014, including the Solicitor General and the State Court Judge, and, exempting those who are regular part-time, probationary, special shift and temporary or seasonal employees, shall be eligible to receive a general wage or salary cost-of-living adjustment to become effective no earlier than January 1, 2015 at a rate of one percent (1.0%); and,

**BE IT FURTHER RESOLVED**, that as referenced in the Bulloch County Personnel Policies, all eligible regular full-time and part-time employees shall receive personnel service adjustments in the form of annual leave cash-outs up; and,

**BE IT FURTHER RESOLVED**, that as referenced Act 632 of the 2014 session of the Georgia General Assembly, county elected officials including the Board of Commissioners, the Probate Judge, the Magistrates, the Tax Commissioner, the Sheriff and the Superior Court Clerk, shall be eligible to receive a general wage or salary cost-of-living adjustment to become effective no earlier than January 1, 2015 at a rate of one percent (1.0%); and,

**BE IT FURTHER RESOLVED**, that pending the availability of funding, the County Manager may approve legitimate compensation increases as the result of promotions for the filling of vacant positions only, promotions proposed during the budget preparation process, and/or for reclassifications or special reviews of full-time or part-time employees, as provided for in the Bulloch County Personnel Policies; however, where such promotions, reclassifications or special reviews of full-time or part-time employees occur that result in a wage or salary rate increase of more than one percent (1.0%), the aforementioned one percent (1.0%) cost-of-living adjustment applicable on January 1, 2015 shall not be applied to the new wage or salary, and,

**BE IT FURTHER RESOLVED**, that the adopted Position Allocation Schedule contained in such budget shall limit the number of positions and employees who can be employed in all

departments, offices, and the courts, and no funds are appropriated for any additional positions or employees shall be approved without an amendment to the General Appropriations Budget by the Board of Commissioners; and,

**BE IT FURTHER RESOLVED**, that the Board of Commissioners may, from time to time during the year, change the adopted Position Allocation Schedule upon a petition of amendment, and/or impose a hiring freeze as circumstances warrant, and that the same limitation will apply as to the number of employees who can be employed with a revised Position Allocation Schedule; and,

**BE IT FURTHER RESOLVED**, that in the event the Board imposes a hiring freeze and vacancies occur during the existence of that hiring freeze, the vacancies shall be considered, and hereby declared to be vacated positions and shall not be refilled, except by specific Board authorization; and,

**BE IT FURTHER RESOLVED**, that certain positions contained in the Position Allocation Schedule which are supported in some part by a grant, cost sharing, reimbursement, or some other source of outside funding are only adopted contingent upon the county receiving the budgeted revenues; and,

**BE IT FURTHER RESOLVED**, that in the event that such anticipated outside funding is not received or the county is notified that it will not be received, said positions shall be considered not funded and removed from the adopted Position Allocation Schedule upon a reduction-in-force pursuant to the County Personnel Policies; and,

**BE IT FURTHER RESOLVED**, that the Chairman of the Board of Commissioners, or the County Manager as his designee, upon the majority vote of the Board of Commissioners is authorized to sign agreements, contracts, and/or other documents related to the grant programs and other county appropriations which are contained in the adopted budget and provided in the county financial policies, subject to review by the County Attorney as to form and to certification by the County Manager that the total amount of revenues and expenditures and the net obligation to the County is not greater than what is budgeted, that there is no change in employee status and no additional employees other than as authorized in the adopted budget; and, that any grant adjustment shall be approved as an amendment to the General Appropriations Budget by the Board of Commissioners; and,

**BE IT FURTHER RESOLVED**, that all transfers and amendments shall only be made according to the financial policies of the Bulloch County Board of Commissioners as adopted, and as amended from time-to-time, subject to any internal procedures imposed by the County Manager to ensure proper controls.

**SO BE IT RESOLVED**, the undersigned hereby certifies that this a true copy of the resolution and was duly adopted by the governing body of the County at a meeting at the Bulloch County Main Annex, Community Meeting Room, Statesboro, Georgia which a quorum was present and acting throughout, and that it has not been rescinded or modified and is now of full force and effect.

**GIVEN** under the seal of the County, this 15th day July 2015.

(SEAL)

**BOARD OF COMMISSIONERS OF  
BULLOCH COUNTY, GEORGIA**

**GENERAL APPROPRIATIONS BUDGET**

**COUNTY MANAGER'S EXECUTIVE SUMMARY AND TRANSMITTAL**

**COUNTY MANAGER'S EXECUTIVE SUMMARY AND TRANSMITTAL  
RECOMMENDED FY 2015 GENERAL APPROPRIATIONS BUDGET AND WORK PLAN**

**To:           The Bulloch County Board of Commissioners  
              All County Elected and Appointed Officials  
              All County Peripheral Service Agencies and Component Units  
              The Citizens of Bulloch County**

**INTRODUCTION**

The fiscal year 2015 General Appropriations Budget and Work Plan for July 1, 2014 to June 30, 2015 is hereby proposed for adoption by the Board of Commissioners on July 15, 2015.

The budget process for Bulloch County forms an annual business plan to bridge long-term community goals of economic prosperity, security and effective delivery of services. It is an expression of financial performance assuming certain strategies are carried out. It forecasts of revenues that are determined by economic performance, local policies and preferences, and mandates from higher levels of government; and, also forecasts of expenditures based on personnel and non-personnel costs assuming inputs of pricing, market forces and spending preferences and priorities.

The FY 2015 Work Plan and General Appropriations Budget for Bulloch County vests \$65,711,505 across twenty-six (26) different funds. The primary governmental fund is the General Fund that pays for activities that are largely funded property taxes, along with other unrestricted revenues. There are over 40 budgeted functions in General Fund with over two dozen operating departments operationally funded, and more than a dozen outside agencies funded. There are also twenty-one (21) special revenue funds where the revenues earned are for restricted purposes; two (2) enterprise funds where expenditures are paid for strictly from user fees; and, two (2) internal service funds that provide services for other or all departments and is a form of fund accounting that emphasizes accountability rather than profitability. There are over 2,200 line items, that between revenues and expenditures, must balance.

In-lieu of continuing and consistent population growth in our community, over the next five years Bulloch County's highest priorities must be to:

- Work toward maintaining a positive financial position by using conservative fiscal practices in a volatile economic climate.
- Maintain the present levels of operating service scaled to the growth of the community, and pursuant to our master planning documents, while ensuring peak performance and efficiency.
- Continue the fulfillment of obligations to Bulloch County's voters with regard to successful implementation of Special Purpose Local Option Sales Tax (SPLOST) capital outlay projects, as prescribed in our

comprehensive Capital Improvements Program (CIP) to preserve and improve capital resources and assets.

- Facilitate local and regional economic growth.

Strategically, these long-term objectives should serve to expand the tax base and minimize property tax burdens on residents, while at the same time managing and controlling the future operating costs of county government. Ultimately, we must do these things within the scope of providing superior customer-oriented service for the taxpayers. This year's General Appropriations Budget and Work Plan is designed for these purposes.

This year's emphasis for developing the budget estimates was to create an accurate baseline of inputs and assumptions. Revenue estimates were carefully measured and discussed with key personnel responsible for collections. The current level of service delivery is assumed with no new or additional programs added to the baseline. Requests for additional resources were made, and accepted, by operating departments with the understanding that the ability to fund them would be extremely limited.

The following sections of the executive summary will explain assumptions, issues and recommended action strategies to carry out this year's annual work plan.

**PRINCIPAL ISSUES FACING BULLOCH COUNTY REGARDING THE DEVELOPMENT OF THE FY 2015 GENERAL APPROPRIATIONS BUDGET AND ACTION STRATEGIES PROPOSED TO RESOLVE THEM**

Service delivery and funding levels are influenced by sets of issues both internal and external to the organization. The following issues for both FY 2015 and beyond are explained in greater detail along with proposed actions or strategies to address them below.

| <b>PRINCIPAL ISSUES AFFECTING THE BUDGET</b>  | <b>ACTION STRATEGIES</b>  |
|---|---|
| <p><b>Revenue Erosion and Unfunded Mandates:</b> The 2008-09 national and state recessions introduced a decline in the rate of aggregate revenue growth over the last several years. The county has realized static tax revenue growth, during this period. Revenue erosion has been compounded by unfunded or under-funded mandates, or "load-shedding" to provide services at local expense by the state and the federal government. <i>The following are examples of such catalysts and their measurable impacts:</i></p> <ul style="list-style-type: none"> <li>• Sales taxes have been negatively affected by state tax reform measures such as the Title Ad Valorem Tax, which</li> </ul> | <p><b>Alternative Revenue Development and Administrative Strategies:</b> The priorities for this year are to conduct the following initiatives:</p> <ul style="list-style-type: none"> <li>• Continue periodic audits to ensure full collection of unreported or underreported revenues.</li> <li>• Review cash procedures for prompt deposits.</li> <li>• Check status of grant receivables and file timely reimbursements.</li> <li>• Seek adoption of user fee adjustments for various services.</li> <li>• Stiffening penalties for certain non-payment or late-payment of fees, permits and licenses.</li> </ul> |

| PRINCIPAL ISSUES AFFECTING THE BUDGET  | ACTION STRATEGIES  |
|--|--|
| <p>requires a statutory transfer of revenues to the General Fund (which does help the General Fund; but the shift creates a \$400,000 annual loss in SPLOST collections).</p> <ul style="list-style-type: none"> <li>• The loss of sales taxes paid by manufacturers on energy consumption (\$100,000 annual loss in SPLOST collections)</li> <li>• Special interest property tax exemptions are passed by the Georgia General Assembly each year that continue chipping away at revenue while creating additional administrative costs.</li> <li>• Inmate reimbursements from the State remain at \$20.00 per day, per inmate for state prisoners at the County Correctional Institute, though legislation was passed in 2014 to increase inmate subsidies to the county jail to \$35.00 per day. However, when the costs are typically \$42.00 per day. This represents a loss to Bulloch County of \$200,000 annually.</li> </ul> | <ul style="list-style-type: none"> <li>• Sell surplus real property no longer used.</li> <li>• Continue to work with our state and federal legislative delegations to preserve home rule approaches to revenue development and to not shed the load of higher levels of government to the local level.</li> <li>• Consider the implementing an energy excise tax ordinance on manufacturing to compensate for the loss of sales tax.</li> <li>• Consider the possibility of creating a traffic enforcement unit at the Sheriff's Department.</li> <li>• Consider returning occupational tax rates to pre-recession levels.</li> <li>• Ensure timely and aggressive revenue collection in departments where it may be weak.</li> </ul>  |
| <p><b>Increasing Costs for Essential Goods and Services:</b> Escalating costs for basic goods and services continue to grow. Since FY 2004, increased pricing and volatility has occurred in the following cost areas:</p> <ul style="list-style-type: none"> <li>• Gasoline and petroleum related products resulting from price versus consumption increases.</li> <li>• Various maintenance supplies and parts, largely driven by transport delivery costs.</li> <li>• Outside building maintenance performed by contractors, and building materials.</li> <li>• Utility costs, resulting from price versus consumption increases.</li> <li>• Employee health care costs, though in the last three years the county's self-funded plan has been well managed.</li> </ul>   | <p><b>Strategic Cost Control:</b> The priorities for this year are for county management personnel to continue to be proactive in offsetting rising costs of essential goods and services including:</p> <ul style="list-style-type: none"> <li>• Controlling the number of authorized positions within operating budgets and departments.</li> <li>• Monitoring and managing public safety overtime.</li> <li>• Redesign purchasing strategies and spend analysis to identify increased opportunities to bid key services and commodities for competitive solicitation and pricing.</li> <li>• Review risk management strategies and consider competitive solicitations for property, casualty and workman's compensation insurance.</li> <li>• Leverage SPLOST funds, if available, for technology, energy and water efficiency improvements to help lower operating costs.</li> <li>• Do not overbuy goods and carefully measure and maintain inventories.</li> </ul> |

| PRINCIPAL ISSUES AFFECTING THE BUDGET   | ACTION STRATEGIES   |
|---|---|
| <p><b>Financial Structure:</b> Structural budget deficits occurring in FY 2012 and FY 2013 resulting from the 2008-09 recession eroded the county's operating position (i.e. fund balance or 'rainy-day' fund). Bulloch County's ability to keep taxes low will be challenged in coming years due to a number of critical needs resulting from increased population growth and service demands by more citizens.</p>  | <p><b>Reserve Fund Stabilization Plan:</b> Over the next five years the County must implement a reserve fund stabilization plan to rebuild its rainy-day fund to an ideal level and the priorities for this year are to:</p> <ul style="list-style-type: none"> <li>• Employ revenue enhancement and cost control strategies.</li> <li>• Continue to seek efficiencies in service delivery scaled to the existing level of service; limit new program growth unless it is revenue neutral, preferably, revenue positive.</li> </ul> |
| <p><b>Unmet Needs:</b> Annually, there are recurring annual budget requests that are justifiable unmet needs for the operation of Bulloch County government largely resting in the need for new staffing, space or equipment to maintain a level of service consistent with population growth.</p>  | <p><b>Annually Update Unmet Needs:</b> The priorities for this year are to continue to examine and analyze future unmet needs of the organization and invest in human and capital assets in alignment with available resources.</p>   |
| <p><b>Asset Management:</b> The County must be prepared to continually address building and facility issues, on-going maintenance needs and asset security. Planning and scheduling for the on-going replenishment of exhaustible fixed assets, particularly additional building space, rolling stock, furniture, fixture and equipment is also important. The county must strive to lower asset maintenance costs and improve productivity through better logistical planning, preventive maintenance and aged asset turnover.</p> | <p><b>Maintain a Long-Term Asset Replacement Plan:</b> The priorities for this year are to continue to update and maintain asset inventories and adhere to replacement plans for key fixed exhaustible assets before they experience decline and begin to increase operating costs.</p> <ul style="list-style-type: none"> <li>• The county finance department has received funding from ACCG for an accounting intern to more precisely update capital asset inventories and cost structures.</li> </ul>                           |
| <p><b>Workforce Development:</b> In FY 2006, the county significantly benefitted by implementing new personnel and accountability policies and appointed a Human Resources Director. With key instruments now in place, Bulloch County is better able to respond to labor market conditions and develop its existing and future workforce striving to provide better pay, benefits and training to be competitive in recruiting and retaining qualified and efficient workers.</p>  | <p><b>Improve Capacity of Human Resources:</b> The priorities for this year are to:</p> <ul style="list-style-type: none"> <li>• Evaluate the re-design of the employee retirement plan establishing matching contributions.</li> <li>• Focus on improving countywide employee morale through training, health and safety programs, coaching and team building; and.</li> <li>• Incrementally revise job-descriptions and pay schedules.</li> </ul>   |
| <p><b>Planning for Levels of Service:</b> The increased service demands for a growing population (now at 72,000) have affected all operating departments who continue to make adjustments in the provision and levels of service to meet this demand.</p>   | <p><b>Annually Review Level of Service Requirements:</b> The priorities for this year are to continue to assess the levels of services in-lieu of steady population growth the citizens require in measure with their willingness and ability to pay for them.</p>  |

| PRINCIPAL ISSUES AFFECTING THE BUDGET   | ACTION STRATEGIES   |
|---|---|
| <p><b>Infrastructure and Facilities:</b> Bulloch County's growing population will demand more infrastructure and community facilities, particularly roads, expanded criminal justice facilities, along with the expansion of emergency operations. The county should also continue working with its cities to economically extend their water and sewer utilities to intelligently service growth.</p>                      | <p><b>Annually Update the Capital Improvements Plan:</b> The priorities for this year are to continue to annually update the five-year Capital Improvements Plan to ensure orderly planning of key infrastructure and facilities in alignment with determining operating impacts.</p>   |
| <p><b>Land Use and Growth Management:</b> Effective code enforcement services are needed to accommodate expected future population and commercial growth. The Comprehensive Plan was updated in June 2014 and serves as an effective tool for growth management.</p>  | <p><b>Implement of Master Planning Documents:</b> The priorities for this year are:</p> <ul style="list-style-type: none"> <li>• Carry out the process of implementing key planning documents as funding becomes available to meet the needs of a growing population.</li> <li>• Consider revisions in our development ordinances to respond to sprawling development patterns and new building technologies.</li> </ul>                            |
| <p><b>Economic Development:</b> Bulloch County's tax base has become increasingly residential, thus increasing the cost of service faster than revenues received to support them. There is an urgent need to become aggressive in economic development. The long-term development of the local economy will be greatly influenced by the ability to attract new industry and commerce to Statesboro and Bulloch County.</p> | <p><b>Aggressively Attract New Industry:</b> The priorities for this year are to assist the Development Authority of Bulloch County in attracting new industry and in retention and expansion of existing industry. Carry out existing plans to develop the Tax Allocation District at the I-16/US 301 interchange.</p>   |
| <p><b>Environmental Protection:</b> Again, Bulloch County's growth puts its citizens in the position to be good stewards of the environment. It's highly likely that the State of Georgia, through the Coastal Georgia Regional Commission, will require us to increase our responsibilities in this area within the next several years.</p>  | <p><b>Proactively Prepare for Future Environmental Mandates:</b> The priorities for this year are to prepare for increased environmental mandates that will be required in the Coastal Georgia Regional Master Plan and State Water Management Plan by being proactive in planning for measures to protect its most sensitive environmental resources to intercept any state or federal government intervention which is typically more costly.</p> |

## BUDGETING APPROACH

**Budget Preparation:** The County Manager calls for supplemental estimates and requests after the Budget Review Team sets baseline budget targets for each department and budget unit. The baseline provides what is estimated to be necessary for continuing operations, less capital outlays and extraordinary costs.

The baseline is a benchmark for measuring the budgetary effects of proposed changes in revenues and spending.

Departments are provided with guidelines for submission of supplemental requests. Annually, beginning in March, the county's departments and externally funded agencies and functions engage in preparing the succeeding Fiscal Year General Appropriations Budget. Using a blend of program and performance budgeting techniques, administrators, department heads, and other elected officials of county government are asked to:

- Identify prior year service accomplishments workloads with forward forecasts.
- Confirm mission statements, and identify key issues and activity measures.
- Project workforce staffing levels.
- Set service delivery priorities that could be used to measure or benchmark future progress.
- Explain service delivery needs and fiscal warrants (justifications) for supplemental expenditures.

The cooperative and praiseworthy effort taken by all parties to articulate and justify their programs during this process cannot be underestimated and is appreciated.

**Methods to Prioritize Funding:** The Board of Commissioners, along with the County Manager and associated staff, are responsible for determining priorities, targets and other guidelines consistent with good budgeting practices each year. These factors are then balanced against the opportunities and challenges facing the county in the pending fiscal year planning period. Each operating department and budget unit uses guidelines provided for preparing this the budget. Each budget submission is evaluated and reconciled according to these criteria. Funding priorities are measured in two contexts.

The Board of Commissioners determined priority-funding considerations for countywide service functions for FY 2015 in the following rank-ordered context:

- Public Safety.
- Public Works.
- Judicial.
- Health and Welfare.
- Community and Economic Development.
- General Government.
- Libraries and Recreation.

Priority funding considerations for departmental activities are determined by the Budget Review Team and to be submitted in the following rank-ordered context:

- Mandated program requirements.
- Non-mandated, but essential agreements and contracts.

- Critical facility needs.
- Critical vehicle and equipment needs.
- Service improvements or new programs.
- Compensation adjustments and additional personnel.
- Ordinary recurring costs.
- Contingency requirements.

***Incorporation of Different Planning Documents:*** As is customary, departments and budget preparers consult existing planning and policy documents including, but not limited to:

- Bulloch County Comprehensive Plan
- Bulloch County Transportation Plan
- Bulloch County Capital Improvements Plan
- Bulloch County Master Greenways and Greenspace Plans
- Bulloch County Emergency Operations and Hazard Mitigation Plans
- Bulloch County Master Recreation Plan and Splash in the 'Boro Enterprise Plan
- Bulloch County Solid Waste Management Plan
- Other various operating plans and documents managed by individual departments.

## **MAJOR BUDGET ASSUMPTIONS**

The following represents the major underlying assumptions considered in preparing and adopting the FY 2015 General Appropriations Budget and Work Plan.

### ***Performance of the Local Economy and Impact on Major Revenue Sources:***

Bulloch County's economy has historically performed better than the state and the nation, but has not recovered as quickly coming out of the last recession. However, factors related to improved economic performance will positively impact General Fund revenues, which are projected to increase by 5.6% in FY 2015.

Bulloch County uses three (3) primary local indicators to measure economic performance: residential housing starts, sales tax receipts and unemployment. The following projections generally summarize short-term future performance:

- Residential housing starts will increase consistent with statewide projections, by 20%; however, this will result in only 20-25 units more than last year – indicating a modest recovery in this sector.
- Bulloch County's annual unemployment rate as of May 2014 was 7.9%, compared to 8.8% in May 2013, but is still higher than the state's rate of 7.2%, and the national rate of 6.1%.
- Sales tax receipts should increase by 4% gross; 2.1% net after inflation. However, overall collections are 13% below what was projected when the last County Special Purpose Local Option Sales Tax was approved due to

the loss of sales taxes from manufacturer's, and the implementation of the Title Ad Valorem Vehicle Tax – both state tax reform mandates.

Overall, Bulloch County during fiscal year 2015 will see a pace of recovery mimicking state and national growth trends. However, this is not likely to lead to any revenue windfalls to be received by the County.

**Major Revenue Assumptions:**

- Property taxes will increase by 4% due to an increase in the tax digest, and assuming that the current millage rate is applied.
- Local economic recovery will improve some elastic tax revenues, on average at 2.5% such as cable franchise taxes, alcoholic beverage excise taxes, insurance premium taxes, financial institution taxes, and occupation taxes.
- Certain licenses and permits such as those for building permits, alcohol licenses, marriage and pistol permits and finger printing fees have improved.
- Solid waste recycling and container rental revenues are on an increasing upward trend.
- \$460,700 will be reimbursed to the General Fund in the form of transfers and indirect or administrative cost reimbursements from various self-sustaining special revenue, internal service or enterprise funds.
- Ambulance collections and jail revenue for federal prisoners have improved, and are expected to remain stable.
- Hospital Authority corpus performance for tax relief has improved and will increase at about 3.0%.
- \$60,000 in revenue has been budgeted in anticipation of a surplus equipment and assets auction.
- There has been a serious decline in fine revenue, particularly from the State Court due to a lower level of ticket and DUI revenue produced by the Georgia State Patrol in the last three years. State Court caseloads have dropped 62% since FY 2010.
- While some revenues from the Clerk of Courts are down in FY 2014, there is more confidence about accurate reporting, and they are expected to remain static.
- Probation revenue has declined as a result of a lower State Court caseload over the last three years, but may grow modestly if certain criminal cases in the State Court increase, as they have in the latter part of FY 2014.
- Civil and criminal paper serving revenue from the Sheriff's Department has shown a slow decline over the last three years, as caseloads have declined.

**Increase Revenue Development Proposed:** A comprehensive internal review of discretionary fees needs to be undertaken during FY 2015 to consider adjustments or the introduction of new fees to offset inflation or to ensure users are paying the full cost of the service. The results may suggest selective fee

increases for which budget adjustments have not yet been made. While such fees are not likely to generate more than \$20,000 unless user volume increases, this strategy should be considered for future structural budget balancing.

**Risk Management:** Workman's compensation cost saw a significant premium increase in fiscal year 2014; and a slight increase also occurred in property-liability insurance premiums, due to a higher rate of "slip-trip-fall" employee incidents and auto accidents. The county needs to figure out how to increase outreach efforts regarding basic employee safety. Meanwhile, the county has not "shopped" these insurance products in over ten (10) years. While the losses do not seem to be "off the charts," the county should consider bidding out workman's compensation and liability insurance coverage to make sure we are getting competitive rates.

**Public Safety:** Many of the county's public safety functions rely on 24/7 continuous services. As a result, due to shift structures, absences and vacancies, overtime is inevitable. However, the ratio of overtime often exceeds manageable levels, thus increasing overall personnel costs.

There is also concern about understaffing at the Sheriff's Department. The level of positions allocated has not kept up with population growth, but budget constraints have limited the ability to add a requisite number of positions. There is current consideration, though not reflected in this year's budget, to establish a traffic safety and enforcement unit that would be revenue positive, but at the same time filling a gap in patrolling formerly provided by the Georgia State Patrol.

**Solid Waste Programs:** Three years ago, as a part of the DCA Recycling Hub Grant (which assisted in expanding the Recycling Processing Center) a voluntary Curbside Recycling Program began first in the City of Statesboro. It is being marginally expanded elsewhere in the County (Brooklet, Portal, etc.). A cost analysis must be done to determine if recycling and subscription revenues are properly offsetting costs. The receipt of the Hub grant several years ago was based on assumptions that optimistically projected higher recycling revenues. Also, Statesboro may be considering mandatory recycling which may affect the efficacy of the voluntary subscription service.

No budget has been established for the Keep Bulloch Beautiful program in FY 2015, as the result of the City of Statesboro's progressive de-funding from its Solid Waste Disposal Fund. Coincidentally, the departure of the Keep Bulloch Beautiful Director requires suspending the program until new funding can be developed, or designed. Ancillary costs of the program have been absorbed into the General Fund's Solid Waste Recycling program budget.

**Major Special Revenue and Enterprise Funds:**

- The Splash in the 'Boro Enterprise Fund should remain stable and self-sufficient. However, some slight attendance erosion has in recent years

created a temporary "paper loss" due to the additional debt service and depreciation expenditures from the expansion in 2009. However, the cash flow and net income will still be significantly positive.

- Other major special revenue funds including the Statesboro-Bulloch County Airport Fund and the E-911 Communications should remain financially stable and, as applicable, self-sufficient to which there is no impact expected on the General Fund.
- The Parks and Recreation Fund relies on significant transfers from the General Fund because only one in every-three dollars is generated by fees, grants or donations that offset the transfers. New facilities such as the Greenway, the Tennis Center will result in an increase in maintenance inputs. The Parks and Recreation Department reports that the current budgetary level will be challenged to ensure the current level of maintenance for these new facilities. That is why fees increases are recommended for study to minimize the subsidy required from the General Fund.
- Both the Statesboro Urban Fire District Fund and the Rural Fire District Fund are stable. In fact, the Rural Fire District Fund – where no fee increase is proposed - may be in a position to start paying back an inter-fund loan to the Splash in the 'Boro Enterprise Fund in FY 2015 for program start-up costs in FY 2007.
- Consideration should be given in FY 2016 to suspend the Agribusiness Center Enterprise Fund and fold revenues and expenditures into the General Fund since rental revenues marginally cover the costs of building maintenance and operations for an office building. When this fund was originally started it was contemplated the Mixed Use Agricultural Arena would be more quickly completed.

#### ***Internal Service Funds:***

- The Employee Health Insurance Fund is formed to manage the costs of a partially self-funded insurance plan where the county pays for approximately 75-80% of the cost of the plan, with employees paying the balance through premium deductions, and co-pays. No increases in contribution rates are planned for FY 2015.
- The Correctional Kitchen Fund is formed to manage the costs of providing meals to inmates at the County Jail and Correctional Institute, and on occasion, special events. Excess fund reserve from the Correctional Institute Telephone Commissions Fund will be used to purchase point-of-sale and inventory software for improved accounting, management efficiency and food pricing for this internal service.

#### ***Special Purpose Local Option Sales Tax (SPLOST) and other Capital Projects***

***Initiatives:*** The combined SPLOST capital projects funds (1997, 2002 and 2007) will avail over \$24 million for capital spending during FY 2015 for Bulloch County and its municipalities. Sales tax revenue from the SPLOST 2013 collections will be static but should stay within the boundaries of our CIP. Specific projects have not been authorized, only category allocations. The final project list for newly

authorized spending is expected to follow the 2020 CIP authorized last October, and will be submitted to the Board of Commissioners for approval during the first quarter of the fiscal year.

**Grants and Outside Funding:** While \$4.5 million in outside grant funding has been submitted and awarded by various funding agencies prior to June 30, 2011, largely for capital outlays, have been incorporated into the FY 2015 General Appropriations Budget. Of significant note, are the following grant funds with remaining sources, and their purpose:

- \$1,279,000 from the U.S. Economic Development Administration for the installation of a road in Gateway Industrial Park (50% match from 2007 SPLOST Road funds).
- \$1,300,000 remaining from a Georgia Department of Transportation for the two-lane expansion of A.J. Riggs Road (no match).
- \$1,048,000 from the Georgia Department of Transportation's Local Maintenance Improvement Grant (LMIG) for approximately 13 miles of paved road resurfacing; (30% match).
- \$109,600 from the Criminal Justice Coordinating Council of Georgia for operations and maintenance for the Mental Health Accountability Court program. However, there is likelihood that a cash match will be required by the state in the future.

**Workforce:** The following issues will be addressed in the FY 2015 General Appropriations Budget and Work Plan and Work Plan:

- Bulloch County plans a 1.00% cost of living increase effective January 1, 2015 for all full-time employees on payroll June 30, 2014.
- There is no anticipated in the employee or employer share for health care insurance premiums, or in co-pay amounts.
- There is also the opportunity to examine data that would re-design the employee retirement plan. The re-design of the defined contribution plan as contemplated is not likely to have an immediate expenditure impact unless approved. However, over the long run, assuming full funding of proposed employer matching funds, it could have an annual impact ranging from \$100,000-\$300,000 annually, which would have to be considered before taking proposals and receiving approval by the Board of Commissioners.
- Another issue that will require vigilant monitoring by the Human Resources payroll function and department heads this year is the number of hours worked by part-time employees. A policy amendment will be recommended to classify full-time employees as those who work more than 1,559 hours per year, and part-time employees as those who work 1,559 hours per year or less. This is necessitated by the on-going implementation of the new federal health care law as employees who work more than 1,559 hours per year will be considered as full-time employees and must be offered health care benefits.

- Meanwhile, the county's Human Resources Office will continue its efforts to promote employee safety, training and updating employee job descriptions and pay schedules.

**General Fund Reserve Stabilization:** Bulloch County's financial operating position has declined over the last three fiscal years due to recessionary effects. In FY 2012 and FY 2013, the county expended approximately \$3.1M in General Fund reserves considered as necessary for budget balancing and tax rate increase avoidance, until final a full and certain local economic recovery occurred. By the close of the current fiscal year 2014, the County's General Fund reserve balance is projected to be approximately \$5,500,000, or 17.2% of current expenditures. This is below the ideal level typically recommended for a local government general fund, which is 25.0%. Practically speaking, the County is capable of sustaining an 18%-20% fund balance (or, \$6 million in current dollars) without the need to borrow money for short-cash flow or tax receipt anticipation. The proposed surplus of \$114,000 and \$183,000 in reimbursements for inter-fund loans provide an annual target at \$325,000 for five years for reserve fund stabilization to more closely approach the 25.0% ideal level, peaking at 22.0%, if strategies are successful.

**FY 2015 Major Fiscal Warrants:** The major operating fiscal expenditure warrants for FY 2015 shall include the following:

- The assumption has to be made for budget purposes that all employees will remain in place at current pay rates with no position vacancy during the year.
- Two part-time to full-time conversions have been approved; one for the Clerk of Courts, and one for E-911. There are several positions being reviewed for equity adjustments or promotions based on proper justification and available funding.
- A 1.0% general cost-of-living increase has been approved for full-time employees who were employed as of June 30, 2014.
- Vacation cash-outs for eligible employees have been restored with an estimate that 50% of eligible full-time employees will apply – estimated cost impact is \$144,000.
- A 1.0% increase in outside agency funding has been approved for the Statesboro Regional Library, the Ogeechee Circuit District Attorney and the Ogeechee Circuit Public Defender's Office.
- Non-personnel costs should remain the same, though cost reduction from efficiencies will be stressed.
- Departments will have to manage permanent part-time and special shift employees to ensure that they work no more than 1,559 hours per year. If this is not managed properly, these classes of employees by federal law are to be offered county health insurance benefits.

## CONCLUDING REMARKS

In the foreseeable future, The Board of Commissioners will continue to be faced with making difficult resource allocation choices to maintain a structurally balanced budget. Examples of future issues that may adversely impact fiscal objectives include:

- When Bulloch's population reaches 75,000 people, salaries of constitutional officers will increase by approximately 6%.
- Continuing irregularities in SPLOST revenue collection patterns.
- Unknown effects of the Patient Affordable Care Act implementation for the employee health insurance program.
- Unknown or unforeseen legislative mandates.
- Recent overtures by the City of Statesboro to renegotiate the Service Delivery Strategy.

However, there are also some intermediate term prospects in revenue development that may offset these effects, including:

- The short-term outlook (the next one-to-two years) for tax digest growth is positive.
- Hospital Authority tax relief funds may incrementally increase as the result of an improved investment climate; meanwhile, the 50% sharing of Hospital Authority funds appropriated to the Bulloch County Board of Education will expire in 2017.

The recommendation for the FY 2015 General Fund budget is based on a proposal to maintain the existing general property tax rate or millage of 10.44 mills to fund county services. One (1.0) mill generates approximately \$1.7 million in revenue countywide. The Board of Commissioners must set the rate before the tax digest is adopted by the Georgia Department of Revenue. In FY 2015, there will be no proposed general property tax millage rate increase. This tax rate assumes a collection rate of 96% will produce over \$16,720,000 in ad valorem property tax revenues needed to structurally balance the General Fund budget.

The Board of Commissioners also re-negotiated an interim agreement in FY 2013 that established funding the Statesboro unincorporated Urban Fire Tax District (UFTD), served by the Statesboro Fire Department until fiscal year 2018. The current property tax rate is 1.8 mills in the UFTD, which will remain the same until FY 2019.

In FY 2015, Bulloch County should be able to maintain its existing level of service without negatively impacting its overall service delivery model or financial position. However, there will still be short-term sacrifices experienced by the existing workforce in terms of modest increases in compensation and benefits. Yet, the County continues to invest in capital resources and training that allows for the best efficiencies in employee work routines that includes a focus on

occupational safety, health and wellness. We view our employees as our second family and as our greatest asset.

This year's budget plan pursues the goal of promoting the fiscal responsibility and to keep general property taxes at the lowest feasible rate. Should the proposed revenue measures, combined with efficiency and productivity gains occur as desired, the County's fiscal stability will be preserved.

Heretofore, is presented the fiscal year 2015 General Appropriations Budget to the Bulloch County Board of Commissioners, for your consideration. As always, I owe great thanks to the governing body, other elected county officials, the County staff and the citizens in exercising invaluable patience and feedback in the budget preparation process.
